**\*Note: All decorations to be supplied by the customer as well as a thick cake board. We can assist in store if you would like to add these to your order from our instore collection. Tier, drip and naked cakes are a rough estimate only and will depend on the type of decoration and time needed by the decorator. We only stack mudcakes and use only a white chocolate ganache to support the stability of the cakes.**

These cakes must be ordered a minimum of 5 days prior. Minimum cupcake order of 12 per flavour.
